

We appreciate your cooperation and dedication to servicing the concessionaires at the Tulsa State Fair.

Please review the three package levels and purchase the appropriate package that allows you to continue with your excellent service in providing product to our concessionaires.

Please note that all golf carts operating within the buildings for deliveries must enter the buildings prior to 10:00am daily and must exit the buildings 30 minutes prior to opening. It is mandatory that all golf carts have exited the buildings before the public arrives.

A copy of your General Liability insurance certificate with coverage of \$1,000,000.00, listing Tulsa County Public Facilities Authority and Tulsa State Fair as additional entities insured and your Workers Compensation insurance certificate and proof of automobile insurance if using a golf cart while on the premises must be submitted with your application.

If purchasing a golf cart permit(s) or utilities complete a Vendor Service Order Form, available on our website. A credit card authorization form is available if paying by credit card. Submit the application and order form with payment to the Commercial Space Sales Office on or before September 1st.

Credential packets will be available for pick-up at the Vendor Office located at the Southeast corner of the Security Building beginning Friday, September 22nd and Monday, September 25 – Wednesday, September 27 between the hours of 8:00am – 5:00pm. Please inform them that your company services our concessionaires.

Thank you for your cooperation and participation in making the Tulsa State Fair a great success.
